

ULTRA CLEAN 700 PORTABLE HEPA AIR FILTRATION

The Ultra Clean 700 is our most powerful full feature HEPA air purification and pressure control unit designed for high power portability in a rugged no-nonsense package.

True HEPA Filtration

The true HEPA filter removes airborne particles down to .3 micron in size with 99.97% efficiency. The unit also uses replaceable primary and secondary filters too improve the life of the HEPA filter. Easily replaced filters are available from various sources.

Lightweight Portability

Four heavy-duty 4" casters coupled with four spring-loaded handles make transfer an easy job. The airtight case made of corrosion resistant heavy gage aluminum seals with Iron Grip neoprene material, and the door quickly opens and closes with a link lock latch.

Exclusive Motor Design

A unique custom designed 0.25 HP motor and dynamically balanced blower mounts in a tripod fashion using rubberized bushings designed to dampen vibration and minimize noise. Carefully engineered tolerances avoid motor shift, rubbing or drag.

Easy to Operate

Power to the unit is standard 120 VAC using the included 5 foot power cord. The built-in Minihelic differential pressure gage coupled with indicator light panel and audible alarm takes the guesswork out of filter replacement. The precision pressure gage reads 0-5.0 inches of water
