## VENTILATION DUCTING

BMF SERIES

12"

16"

20"

24"

### POSITIVE & NEGATIVE PRESSURE VENTILATION

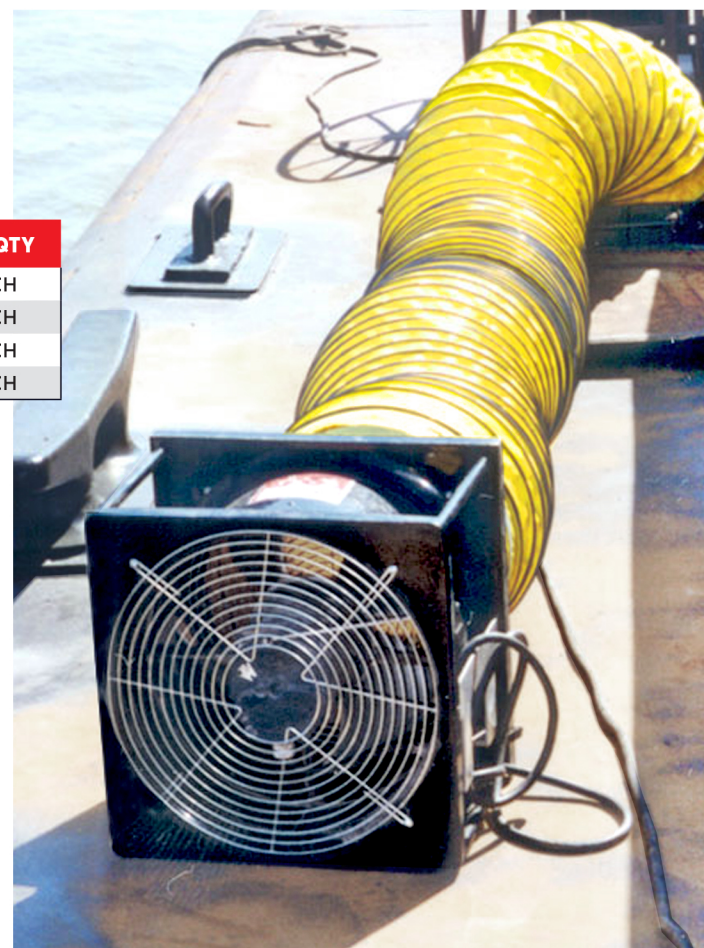

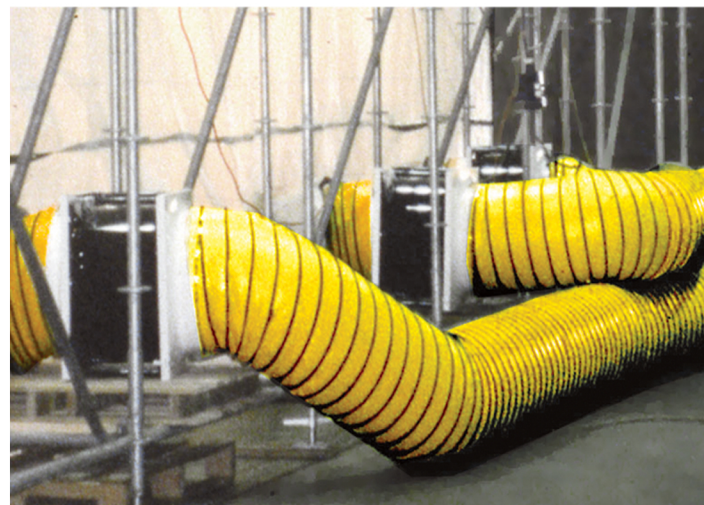

- Lightweight duct hose for fan & blower applications
- Yellow PVC vinyl coated polyester, single-ply
- Black external wear-strip, reinforced with a spring steel wire helix
- 5.5" pitch
- Diameters: 12", 16", 20", 24"
- Length: 25 ft.

## APPLICATIONS & BENEFITS

- Listed as UL 94V-0 flame retardant
- Temperature range: -20°F to 180°F
- Built for positive & negative pressure ventilation
- High volume air flow design
- Abrasion resistant
- Easy to compress for transportation & storage
- Lightweight and easy to install & 100% reusable
