MON SERIES

NOW EXCLUSIVELY
Distributed by Eagle

ANCHOR STRAPS

BUNGEE TIES

HIGH PERFORMANCE FR ENCLOSURE SHEETING

- High strength 3 layer reinforced construction
- Durable poly outer layers with a mesh core for added strength
- 16.5 mil, heavy duty sheeting
- Plastic grommets fused to sheeting in standard scaffolding configuration for easy attachment
- Weather, mold & mildew resistant plastic
- Flame Retardant to NFPA 701 available

APPLICATIONS & BENEFITS

- Built for long-term projects exceeding 12+ months
- Can be installed on cable framework or scaffolding
- Extra strong sheeting for used for things such as sandblasting & water jetting
- Engineered to withstand harsh weather conditions, including hurricane-force winds
- Creates a temporary weather enclosure
- Provides containment for dust & debris
- Increases temporary heating efficiency
